ADDITION WAR

- Addition War is played with a partner and a deck of cards.
- Aces have a value of 1
- Face cards (jacks, queens and kings) have a value of 10.
- Reds are negative and blacks are positive.
- Remove all jokers.

How to play:

- Deal out all the cards. (Each person should have 26)
- Put your 26 cards in a pile face down.
- Each player turns over 2 cards at a time and finds the sum.
- The player with the highest number takes all the cards.
- In case of a tie, each player places down 2 more cards and adds them. The winner takes all the cards played that round.
- Record the plays in the space below and compare using the appropriate symbol. Each person will record on his/her own sheet of paper.
- The winner is the person with the most cards at the end of the game.
