Name_____

Interpreting Graphs

For each graph on 1-5, a) state the domain; b) give the range; and c) tell whether each graph is a function or not.
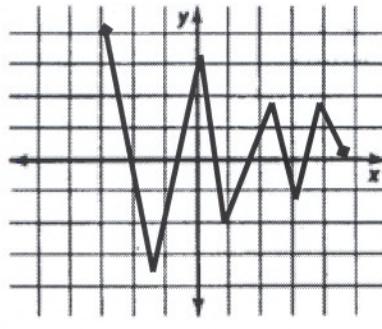

1.

Domain: _____

Range: _____

Function: Yes or No

2.

Domain: _____

Range: _____

Function: Yes or No

3.

Domain: _____

Range: _____

Function: Yes or No

4.

Domain: _____

Range: _____

Function: Yes or No
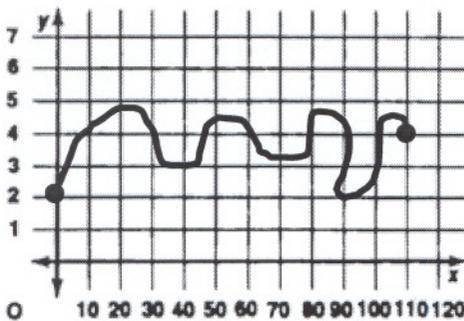

5.

Domain: _____

Range: _____

Function: Yes or No
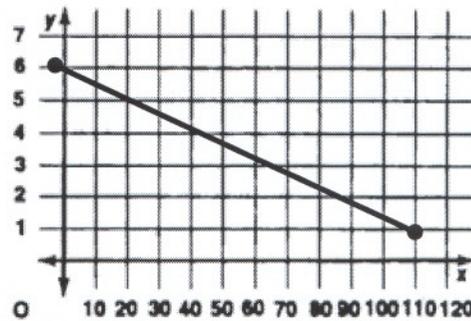

6.

Domain: _____

Range: _____

Function: Yes or No

7.

If x = 40, then y = _____

If y = 4, then x = _____

8.

If x = 65, then y = _____

If y = 5, then x = _____
